Students are required to use their registration numbers as **username** in the ODEL platform (elearning.khu.ac.ke). For example, if your registration number is **BIT/000/1000** then the **username** on the log in page should be IN THE FOLLOWING FORMAT **bit-000-1000** (in small letters) and the default **password** is **odelkhu2020** (in small letters)

For one to be registered in the e-learning platform, the user (*Both Faculty and Students*) should have a university email address. Therefore, if you are successful accessing the system, then your email was created hence check your profile for it (*on the top right side of the screen*), and be advised to constantly check your inbox for any communications from lecturers and the university.
